

Impact Report

2023/24

Our Mission

Empower and inspire youth families and our community to be impactful in the world through education and personal development.

Our Vision

Unify all individuals as passionate stewards affecting positive change for their environment and our world.

Programs

We offer free, youth- and family-centered education programs specializing in environmental and marine education, multimedia technology, family engagement, school enrichment, personal and leadership development, entrepreneurship, career exploration, internships, and job readiness.

REEL GUPPY OUTDOORS DEVELOPING *Impactful* LEADERS

Guppy Family Adventures

Pier Fishing Days and Family Adventures welcome over 2,000 participants.

CSUCI Partnerships

Facilitated internships and service-learning partnerships for six CSUCI students.

CI High School Partnerships

Hosted and mentored five students through the Upward Bound Internship Program at Channel Islands High School and their Fishing Club

Oceans of Opportunity Educational Program

Established a new partnership dedicated to providing youth with opportunities in career exploration, entrepreneurship, internship placement, and job readiness.
